

Dear GSCN members, friends and colleagues,

July 2020

The [➤ 8<sup>th</sup> Annual GSCN Conference](#) will go online and change into the [➤ Virtual 8<sup>th</sup> Annual GSCN Conference](#). We are determined to create a successful scientific conference – online from the 23 - 25 September.

The decision is due to the Corona pandemic and the local safety rules for our health and safekeeping. There will be some advantages to the new format of the **Virtual** GSCN Conference. And even though we had been especially looking forward to meeting many friends and new colleagues in person at the physical GSCN Conference, we will offer the same complete, exciting, and inspiring scientific program online and add new features. There might be slight changes in the schedule due to time differences for our keynotes – we will keep the program updated [➤ here](#).

Due to the change of format, the registration fees will change as well: GSCN member will participate for free at the [➤ Virtual 8<sup>th</sup> Annual GSCN Conference](#). Student non-members will be charged 50 € for participation in the complete 3-day-program and regular non-members have a new registration fee of 130 €. Please check the [➤ registration site](#) for details. If you want to become a GSCN member (student member fee is 40 €, full member fee is 120 €), you find all necessary information [here](#).

Join us for the [➤ Virtual 8<sup>th</sup> Annual GSCN Conference](#) and register now.

Find the program [➤ here](#).

Registration details are [➤ here](#).

Best wishes

Hartmut Geiger (Acting President) & GSCN Team
